How Does it Work?

The **Freedom Dental Plan** works similar to many dental plans on the market. You pay a monthly membership fee for benefit coverage on your dental expenses. The Plan is designed to cover preventive services such as cleanings and oral exams. This provides coverage that can be budgeted at an affordable monthly expense while receiving good benefits for your higher cost dental service.

Who Administers the Plan?

Dr. Burchett's office administers the Advantage Plus plan and works with you, the patient, directly to make all dental service decisions. There is no need to contact a third party for approvals. All questions regarding plan coverage, verifying benefits, changing coverage types, or any other questions should be directed to our staff at Freedom Dental Care.

How Do I Use a Specialist?

Dr. Burchett or an associate may refer a patient to a specialist who participates in the **Freedom Dental Plan**. Members must verify the specialist's participation in the Network prior to accepting treatment. Freedom Dental Care will have a complete listing of all participating specialists.

Why the Program Works

If asked, most people would agree that decisions about dentistry are best made between the patient and their dentist, without a third-party company's involvement and restrictions.

The **Freedom Dental Plan** is different! It has been designed to provide you and your family with affordable preventive dental coverage that your dentist owns and administers.

Not only does the Advantage Plus plan provide outstanding coverage for preventive dentistry, the plan offers good coverage for major dental procedures like crowns, root canals, bridges, and dentures.

Since your Advantage Plus plan is not administered by a third party insurance company, all the decisions regarding your dental treatment may be decided by you and your dentist – Dr. Julia Burchett or associates without the need for claim forms, approvals, deductibles, or waiting periods.
